Description

Bootstrap Farmer 1010 growing trays are perfect for germinating seedlings and soil blocks. Use these grow trays for microgreens and seed starting with the confidence that they are BPA and carry a 2 year warranty. Bootstrap Farmer 1010 Seed Germination Trays are available with or without holes.

Designed to withstand abuse from even the toughest farmers. Optional drain holes allow for optimal drainage of your crops. They are compatible with Bootstrap Farmer extra strength [1020 trays](#), where you can fit two 1010 trays and cover with their humidity dome or their 1010 trays with no holes.

KEY FEATURES

Extra Thick (1.8 - 2.0mm) Black PP #5 Plastic

Made for many years of use without breaking, cracking, or warping

They are perfect for microgreens, wheatgrass, fodder systems, and germination of seedlings

The 1010 trays are bit wider on the top and slightly tapers to the bottom

Outer dimensions: 10½" Long x 10½" Wide x 2½" Deep

Makes a great seed starter kit with Bootstrap Farmer [humidity domes](#)

PLEASE NOTE

[View less](#)

not fit in a single 1010 tray.

Please note that we recommend using trays of the same depth when nesting trays.

★★★★★ **Yes please!**

I just love the convenience that these trays provide. Half the size of a 10 X 20 so if you want to use on a separate project or in combination with larger trays it's all possible, with less mess! Perfect for my needs!

If you haven't tried Bootstrap Farmer products yet, I recommend it. The trays are very sturdy and BPA free. More bang for your buck. I don't see these trays filling a city landfill anytime soon.
